The Members of the Board of Directors of
Governors Island Corporation (d/b/a The Trust for Governors Island)

In planning and performing our audit of the financial statements of Governors Island Corporation (d/b/a The Trust for Governors Island) ("TGI") as of and for the year ended June 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered TGI's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of TGI's internal control. Accordingly, we do not express an opinion on the effectiveness of TGI's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report is intended solely for the information and use of the Board of Directors, Audit Committee, and management of Governors Island Corporation (d/b/a The Trust for Governors Island) and is not intended to be and should not be used by anyone other than these specified parties, unless permission is granted.
